- Upper/Middle Columbia summer chinook (Turtle Rock hatchery)
- Upper/Middle Columbia summer chinook (Wells)
- Upper/Middle Columbia summer steelhead (segregated hatchery: Wells)

*"Independent populations" currently listed under the ESA, as identified by the Interior Columbia TRT

NMFS-TRT Independent Populations and Major Population Groups (MPG)

Upper Columbia Steelhead ESU (Threatened)

Wenatchee-Methow River Major Population Group (MPG)

- Crab Creek summer steelhead/rainbow
- Wenatchee River summer steelhead
- Entiat River summer steelhead
- Methow River summer steelhead/rainbow
- Okanogan River summer steelhead/rainbow

Kettle-Colville River MPG

- Sanpoil River summer steelhead/rainbow
- Kettle/Colville River summer steelhead/rainbow
- Pend Oreille River summer steelhead/rainbow
- Kootenay River summer steelhead/rainbow

Spokane River MPG

- Spokane River summer steelhead/rainbow
- Hangman Creek summer steelhead/rainbow

Upper Columbia Spring Chinook ESU (Endangered)

Wenatchee-Methow MPG

- Wenatchee River spring chinook
- Entiat River spring chinook
- Methow River spring chinook
- Okanogan River spring chinook (extirpated)

WDFW Mid-Columbia Hatcheries and Facilities

Eastbank Complex

- Chiwawa Pond (Lake Wenatchee, Wenatchee River watershed)
- Dryden Pond (Wenatchee River, downstream from Leavenworth)
- Eastbank Hatchery (Rock Island Dam)
- Turtle Rock Hatchery (Rock Island Dam)
 - Turtle Rock Pond (Rock Island Dam)
- Chelan Hatchery

Wells Complex

- Wells Hatchery (Wells Dam)
- Methow Hatchery
 - Chewuch Pond (Chewuch River, Methow River watershed)
 - Twisp Pond (Twisp River, Methow River watershed)
 - Carleton Pond (Confluence of Twisp and Methow rivers)
- Omak Hatchery
- Similkameen Pond (Similkameen River, upper Okanogan River)
